## THE INTEGRIOUS DIFFERENCE

We are Integrous: fence and deck builders who believe that craftsmanship and care go a long way. We take pride in every project we complete and invest extra time to listen, ask questions, and treat your family like our own. Whether you're looking for a backyard fence or a custom deck, we'll work closely with you to make your outdoor dreams a reality.

Since 2009, we have designed and installed a wide variety of commercial and residential fences and decks, all backed by an industry-leading warranty. Built to withstand the toughest environments and last for generations, our products are all made with your goals in mind.

Founded by Jason and Sara Hurst as The Fence Experts, our goal has always been to give customers the best value—and best quality—by putting people at the center of our business model. We believe our business isn't just built by what we do, it's built by who we are. Our dedicated team of employees is passionate about what they do—and who they do it for. We are proud of each one of them and their commitment to go above and beyond what's expected to serve others.

### OUR COMPREHENSIVE FIVE-YEAR WARRANTY

We believe our people, products, and installation practices are the best in the industry. If your fence or deck isn't structurally sound or functioning as it should be, we'll fix it free of charge for 5 years from the time of installation.

# BUILDING A DECK

## *the Integrous Way*

Integrous creates custom decks, patios, and porches that meet our customers' needs and vision. We make your dream of a safe, beautiful outdoor living space a reality by bringing knowledge, craftsmanship, and integrity to deck construction.

## INSTALLATION MADE EASY

### 1 Step One CONSULT WITH THE EXPERTS

No matter if you have a specific vision or you'd like some expert guidance, our experienced deck team can help you explore the best options for your needs and space. Start by giving us a call, and then we can schedule an on-site consultation.

### 2 Step Two CHOOSE YOUR DECK DESIGN

After learning more about your outdoor living space, we can create design plans and a detailed scope for your project. Our deck team will work with you until the design is just right and you're ready to officially sign the contract.

### 3 Step Three LET INTEGROUS HANDLE THE HARD PART

Most decks require permits, and Integrous will handle the application process for you at no added cost. We'll also map out all public utility lines on your property, and it's your responsibility to notify us of any private utility lines.

### 4 Step Four YOUR DREAM DECK BECOMES REALITY

From site prep to clean up, we'll do all the heavy lifting and make your deck installation as seamless as possible. Our tried-and-true processes ensure our crews are equipped to complete your project with excellence and timeliness.

# INTEGROUS HAS YOUR BACK

From first phone call to final screw, the Integrous team will walk with you through every step of your deck installation process.

Our team includes specialists in deck design, estimating, and construction who can help you explore what's possible, refine the details, and give you confidence before you even sign a contract. With a dedicated office staff backing up our experienced crew, you won't be left wondering what's next as we prepare for your project and as our expert craftsmen bring your vision to life. When you work with Integrous, you don't just get a deck—you get a built-in support system.

*“Integrous was a pleasure to work with and extremely professional. They especially seem to have excellent internal communication—each transition from our initial visit to estimating to scheduling to installation was smooth and seamless. Highly recommend!”*

# CUSTOM DECK DESIGN

Create a deck that meets your needs and gives you a place to relax and entertain. Choose from a range of materials, colors, and additional features, including lights and railings. We'll help you think through the right options and together design your unique, custom outdoor space.

**CONCEPT *to* REALITY**  
If it would be helpful during the design process, our team has the ability to create floor plans or 3D renderings to bring your ideas to life.

## Uncovered Decks

*Create a Truly Outdoor Living Space*

Enjoy the warm sunshine, fire up the grill, or watch the stars light up the sky on an uncovered deck. This popular style is perfect for the homeowner who wants to fully embrace the outdoors with unobstructed views of nature and full exposure to the fresh air and elements.

### BENEFITS

- Fresh air and sunshine
- Unobstructed views
- Open concept for hosting
- Lower initial cost and maintenance

# Covered Decks

*Bring the Comforts of Inside Outdoors*

Bridge the gap between your indoor and outdoor living spaces with a fully or partially covered deck. These decks are a great option for the homeowner who wants to host or lounge outside without being deterred by rain, snow, heat, or pests.

## BENEFITS

- Extends season for outdoor living
- Protection from sun and pests
- Lighting, heating, and electrical add-on options
- Additional architectural interest

*“We worked with [Integrus] to develop a custom design that tied into our house and provided coverage over the main door to the deck. [They were] even able to show us a real-life rendering in advance so we could see what it would look like before starting. ... The results even exceeded our high expectations!”*

# DECKING MATERIALS

We'll help you select the right material for your new deck by considering your budget, style, and plans for your outdoor living space.

## COMPOSITE DECKING

With a blend of organic materials and polymers, composite decks offer minimal maintenance, long-lasting durability, and a 25-30-year manufacturer warranty.

### FEATURES

- Beautiful outdoor living without the maintenance of a traditional wood deck
- A wide range of price points, styles, and colors
- Ability to mix and match different colors, trim, railings, and shapes

## PVC DECKING

Made with high-performance polymers, PVC decks are highly resistant to moisture damage, require little to no maintenance, and come with a 50-year manufacturer warranty.

### FEATURES

- Most durable decking option
- Resistant to scratching, fading, stains, and moisture
- Made from recycled materials that provide an environmentally-friendly choice

## WOOD DECKING

Warm and traditional, wood decks offer natural beauty that's fitting for a traditional look or historic home.

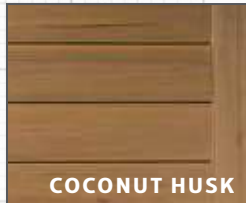

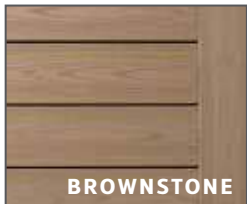

### FEATURES

- Ranging from affordable pressure-treated to luxury exotic hardwoods
- Does not get as hot in the sun as other materials
- Requires maintenance with paint or stain

# Long-Lasting Composite and PVC

*Start With the Perfect Deck Boards*

From cool modern grays to warm wood tones, you can't go wrong with these durable deck board options. Check out a few of our most popular colors, and we can help you explore additional options until you find the perfect color match.

# Stone Features

*Ground Your Space With Earthen Materials*

Infuse natural elements into your outdoor living space by adding stone pillars, fireplaces, or kitchens. Integrous' team can help you match the new stone feature to any existing stonework at your property, making the addition look like it's always been there.

**\*NOTE:** See Provia catalog for more options.

# Fireplaces

*Bring Visual and Physical Warmth*

Outdoor fireplaces create a focal point on your deck where your guests will gather not only for the heat, but also for the ambiance. These hand-laid features can be fully customized in terms of location, size, mantel, TV hookup, and more.

# Outdoor Kitchens & Bars

*Make Outdoor Entertaining Easy*

A kitchen is the heart of the home—and it can be the heart of your new outdoor living space, too. With highly usable options like built-in shelving, trash bins, and refrigerators to pair with the grill or smoker of your choice, an outdoor kitchen limits trips to the indoors and allows you to enjoy your guests while entertaining on your deck.

Add a radius, straight, or angled bar to take full advantage of the views off the back of your deck. Integrate the same deck board materials used on the floor of your deck in the bar, or add visual interest with stone elements.

*“We had a wonderful experience with Integrous. They took the time to listen to our design ideas and worked to draft a proposal that fit our budget while also suggesting various things based on their experience. ... Super nice folks in the field and office, and you can tell they take real pride in their work. Our deck came out beautifully, and we are so excited to use it. We would definitely work with Integrous again and highly recommend!”*

## Your Step-By-Step Guide to BUILDING A FENCE

From your first call to the moment we finish your fencing project, we're here to guide you through the process and answer your toughest questions.

6' VINYL SEMI-PRIVACY, IMPERIAL STYLE

### 1 Step One CONSULT WITH THE EXPERTS

Not sure what you need? We'll meet you on your property to discuss the project and offer personalized options. From materials to styles, we can help you select a fence that adds both beauty and function to your backyard.

### 2 Step Two SIGN UP TO GET ON OUR SCHEDULE

After finalizing your fence plans, sign the contract and pay your deposit to get on our crew's schedule. We'll provide an estimated start date and project duration, and we'll order materials so the project can move forward without delay.

### 3 Step Three GET A PERMIT AND MARK UTILITIES

Integrous will ensure all public utility lines are marked prior to digging, but you must notify us of any private utility lines. Many fence customers apply for permits themselves, but Integrous can also handle that process for an additional fee.

### 4 Step Four INTEGROUS INSTALLS YOUR FENCE

On build day, we like to start by confirming the project details with you one last time. Once installation is complete, we like to review the finished project with you and make sure it meets your expectations.

## MATERIAL MATTERS

6' VINYL PRIVACY, WHITE NEWPORT STYLE

### VINYL FENCES

Created in many of the traditional styles available in wood fencing, vinyl is a low-maintenance material that isn't subject to natural aging.

#### BEST FOR

- Lifetime of use
- Long-term value
- Traditional wood designs without natural aging

*For popular styles, view Page 54*

54" ALUMINUM, BAY BREEZE STYLE WITH STRAIGHT TOP SINGLE GATE

### METAL FENCES

The toughest of our materials, metal fencing is built with superior coatings and wall thicknesses that are designed for decades in the elements.

#### BEST FOR

- Durable design and classic appeal
- High security applications
- Applications where a visual barrier isn't needed or desired

*For popular styles, view Page 56*

# Wood Fences

*Natural and Strong*

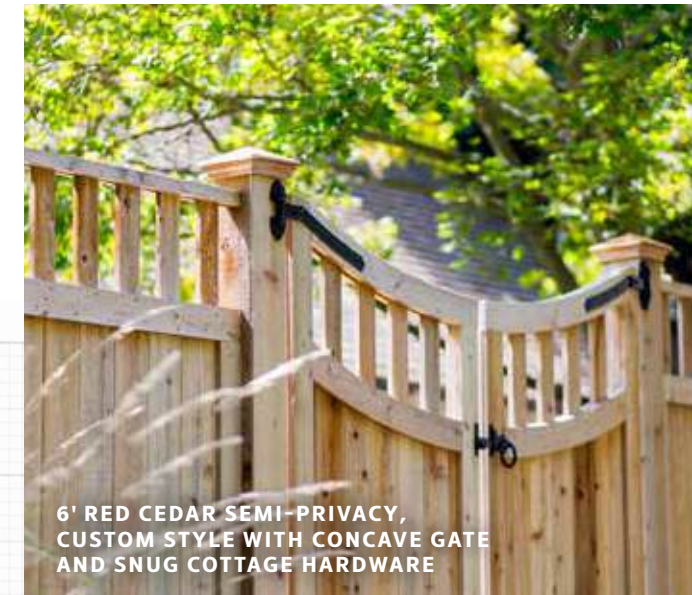

Our wood fences are hand built in Integrous' woodshop, which allows for full customization and careful craftsmanship.
