THE INTEGRIOUS DIFFERENCE

We are Integrous: fence and deck builders who believe that craftsmanship and care go a long way. We take pride in every project we complete and invest extra time to listen, ask questions, and treat your family like our own. Whether you're looking for a backyard fence or a custom deck, we'll work closely with you to make your outdoor dreams a reality.

Since 2009, we have designed and installed a wide variety of commercial and residential fences and decks, all backed by an industry-leading warranty. Built to withstand the toughest environments and last for generations, our products are all made with your goals in mind.

Founded by Jason and Sara Hurst as The Fence Experts, our goal has always been to give customers the best value—and best quality—by putting people at the center of our business model. We believe our business isn't just built by what we do, it's built by who we are. Our dedicated team of employees is passionate about what they do—and who they do it for. We are proud of each one of them and their commitment to go above and beyond what's expected to serve others.

OUR COMPREHENSIVE FIVE-YEAR WARRANTY

We believe our people, products, and installation practices are the best in the industry. If your fence or deck isn't structurally sound or functioning as it should be, we'll fix it free of charge for 5 years from the time of installation.

Your Step-By-Step Guide to BUILDING A FENCE

From your first call to the moment we finish your fencing project, we're here to guide you through the process and answer your toughest questions.

6' VINYL SEMI-PRIVACY, IMPERIAL STYLE

1 Step One CONSULT WITH THE EXPERTS

Not sure what you need? We'll meet you on your property to discuss the project and offer personalized options. From materials to styles, we can help you select a fence that adds both beauty and function to your backyard.

2 Step Two SIGN UP TO GET ON OUR SCHEDULE

After finalizing your fence plans, sign the contract and pay your deposit to get on our crew's schedule. We'll provide an estimated start date and project duration, and we'll order materials so the project can move forward without delay.

3 Step Three GET A PERMIT AND MARK UTILITIES

Integrous will ensure all public utility lines are marked prior to digging, but you must notify us of any private utility lines. Many fence customers apply for permits themselves, but Integrous can also handle that process for an additional fee.

4 Step Four INTEGROUS INSTALLS YOUR FENCE

On build day, we like to start by confirming the project details with you one last time. Once installation is complete, we like to review the finished project with you and make sure it meets your expectations.

MATERIAL MATTERS

Learn more about the range of materials we offer and find your perfect fit.

6' RED CEDAR SEMI-PRIVACY, MODIFIED CHISWICK STYLE

WOOD FENCES

A strong, natural choice, wood offers inherent strength and natural beauty that few other materials can rival—all at an excellent value.

BEST FOR

- Applications where classic appearance is desired
- Custom and creative designs
- Balance of beauty and function

For popular styles, view Page 8

6' VINYL PRIVACY, WHITE NEWPORT STYLE

VINYL FENCES

Offered in many of the traditional styles available in wood fencing, vinyl is a low-maintenance material that isn't subject to natural aging.

BEST FOR

- Lifetime of use
- Long-term value
- Traditional wood designs without natural aging

For popular styles, view Page 10

54" ALUMINUM, BAY BREEZE STYLE WITH STRAIGHT TOP SINGLE GATE

METAL FENCES

The toughest of our materials, metal fencing is built with superior coatings and wall thicknesses that are designed for decades in the elements.

BEST FOR

- Durable design and classic appeal
- High security applications
- Applications where a visual barrier isn't needed or desired

For popular styles, view Page 12

Ornamental Fences

Enjoy Old World Style Without the Maintenance

Ornamental fencing brings the much-loved wrought iron look back to life with sturdy, maintenance-free materials. The combination of classic design with modern construction makes these fences the perfect estate fence or enclosure for your backyard pool or outdoor living space.

FEATURES

- Combines a classic design with sturdy metal construction
- Used as an estate fence or enclosure
- Minimal maintenance for a lifetime of use

AVAILABLE MATERIALS

Aluminum

Our most popular choice for ornamental fencing in many residential or light commercial applications.

SELECT YOUR STYLE

Ornamental fences are available in styles that range from a traditional, open spear top design to the modern, simple sight lines of the two-rail Oceanview fence.

Steel

The optimal choice when more strength is required, including commercial and high-use applications.

4' COMMERCIAL GRADE ALUMINUM, BLACK OCEANVIEW STYLE WITH DOUBLE GATE

6' COMMERCIAL GRADE ALUMINUM, BLACK SAILWIND STYLE

4' COMMERCIAL GRADE STEEL, BLACK 3-RAIL BAY BREEZE STYLE

5' IRON CLASSIC STYLE WITH ROUND PICKETS AND QUAD FLAIR FINIALS

Privacy Fences

Define Your Space

Privacy fences create a personal retreat by defining your yard with a visual barrier. Whether you want to fully enclose your backyard or simply create a private corner, we offer an array of options that can bring style to any space.

AVAILABLE MATERIALS

Red Cedar

Known for its rich oils, red cedar is resistant to rot, breakdown from the elements, and warping. Naturally silvers with age.

Manchester Stockade

Budget-friendly and classic, this spruce wood fencing has traditional beveled, Gothic-style pickets. Ages to a natural gray color over time.

Vinyl

Matches the traditional styles found in wood without the ongoing maintenance or natural aging of wood fences.

6' RED CEDAR PRIVACY, WESTMINSTER STYLE

6' VINYL PRIVACY, WALNUT BROWN BRECKENRIDGE STYLE

6' VINYL PRIVACY, WHITE NEWPORT STYLE WITH SOLAR CAPS ON GATE POSTS

6' RED CEDAR PRIVACY, PRE-STAINED WESTMINSTER STYLE WITH 6X6 POSTS AND COPPER-CLAD CAPS

6' VINYL PRIVACY, 2-TONE WHITE AND ALMOND NEWPORT STYLE WITH STEPPED INSTALL

6' RED CEDAR PRIVACY, YORK STYLE WITH FLAT CUT POST TOPS

6' VINYL PRIVACY, BLACK NEWPORT STYLE

Semi-Privacy Fences

Screen Your Surroundings

Semi-privacy fences provide a less rigorous visual barrier than full privacy fences, allowing for broken sight lines and more airflow while still limiting visibility. These fences give your property definition without creating a completely secluded space.

AVAILABLE MATERIALS

Red Cedar

Known for its rich oils, red cedar is resistant to rot, breakdown from the elements, and warping. Naturally silvers with age.

Vinyl

Match the traditional styles found in wood without the ongoing maintenance or natural aging of wood fences.

4' VINYL SEMI-PRIVACY, BRAZILIAN BLEND IMPERIAL STYLE

6' RED CEDAR SEMI-PRIVACY, BUCKINGHAM STYLE WITH SQUARE LATTICE

Picket Fences

Combine All-American Style With Function

A picket fence is mindfully designed to fully capture the timeless quality and charm of a quintessential fence that was first made popular during America’s colonial period. Ranging from classic to modern designs, picket fences offer security and definition to your property with a time-honored style that is hard to surpass.

FEATURES

- Fully customizable height, picket-spacing, and design
- Create safe enclosures for pets and children
- Timeless beauty and functionality

AVAILABLE MATERIALS

Red Cedar

Most popular wood option known for its rich oils that make it resistant to rotting and warping. Naturally silvers with age.

Vinyl

Available in a wide variety of styles and colors that mirror traditional wood, but without the maintenance or natural aging.

4' RED CEDAR SPACED PICKET, KING'S CROSS STYLE WITH CONCAVE, SMOOTH CUT TOP

4' VINYL SPACED PICKET, FREEHOLD STYLE WITH CONCAVE TOP

4' VINYL SPACED PICKET, WHITE ASBURY STYLE WITH DOG EAR PICKETS

4' RED CEDAR PICKET, BRENTWOOD STYLE

Rail Fences

Add the Look of a Classic Estate

A rail fence is known and loved for the beauty it brings to the rolling hills on a horse farm and for the natural, country feel it brings to a neighborhood yard. Designed for minimal visual obstruction, these fences bring security in a truly classic design that is sure to enhance your property while serving your family.

FEATURES

- Classic, minimalistic style
- Provides a safe space for kids or pets
- Can be used as an in-ground pool enclosure
- Fits into the most demanding landscapes and accommodates various terrains

AVAILABLE MATERIALS

Locust & Hemlock

This naturally rustic combination has no added chemicals, making it safe for your pets, kids, and the environment. Locust is a very dense wood that is resistant to rot even when in contact with damp ground, making it ideal for posts. Hemlock is stable and resistant to warping, making it perfect for rails.

Pressure-Treated Yellow Pine

This long-lasting wood brings years of service with very little maintenance. Typically smoother in appearance when compared to Locust/Hemlock, this material is a popular alternative.

Vinyl

Vinyl rail fences are designed to bring you a classic look without the natural aging of wood. Our high quality vinyl has extra wall thickness and internally reinforced rails, bringing you the sturdiness you'd expect from a rail fence that can easily withstand years of exposure to both the elements and your outdoor activities.

Custom Wood Designs

You Dream It, We Build It!

We are passionate about designing and building wood products that are made to enhance your property in every detail. With that in mind, we craft all of our wood products in-house where we carefully choose the lumber, think through the designs, and build with attention to detail.

With an extensive woodshop and skilled, experienced craftsmen, we can build anything you can dream of to perfectly complement your property and specific needs. From custom gates and fences to pergolas and entry arbors, we are excited to partner with you on your wood project to make it extraordinary in every detail.

CUSTOM WOOD

- Fences
- Gates
- Arbors
- Pergolas

Security Fences

Safeguard Your Property

Keep your property safe and prevent intruders with a security fence that's designed to meet your real-world needs. Styles of security fences range from basic, value-driven chain link to more sophisticated, classic ornamental fences.

STYLES WE RECOMMEND

- Chain Link Fences
- Ornamental Steel Fences

6' COMMERCIAL GRADE ALUMINUM, BLACK SAILWIND STYLE

6' COMMERCIAL GRADE CHAIN LINK WITH BLACK VINYL COATED MESH

6' COMMERCIAL GRADE GALVANIZED CHAIN LINK WITH BARBED WIRE

Driveway Gates

Add Elegance While Securing Your Property

Enhance your property and make a real first impression with our customizable gates. Designed to match any metal fence style, our estate gates can also be built to your desired width and height to fit your unique driveway.

FEATURES

- Makes your entire property secure for pets and kids
- Provides easy access for a business
- Adds instant curb appeal

6' ALUMINUM AUTOMATED DOUBLE DRIVE GATE, WATERFRONT STYLE WITH ESTATE ARCH

AUTOMATED CUSTOM WOOD DRIVEWAY GATE WITH INTERNAL ALUMINUM FRAMEWORK AND COPPER CAPS

6' ALUMINUM AUTOMATED DOUBLE DRIVE GATE, WATERFRONT STYLE WITH ESTATE ARCH

Automated Gate Operators

Provide Ease of Entry and Peace of Mind

Our automated entry systems can be customized to meet the needs of your property and provide you with the level of security you need. We offer a range of swing, sliding, or lift gates that are tailored to your home or business needs.

FEATURES

- Remote entry
- Anywhere, anytime connectivity with a simple app
- Telephone entry

LIFTMASTER LA500 GATE OPERATOR ARM

BASIC LIFTMASTER KEYPAD

5' CUSTOM RED CEDAR AUTOMATED DOUBLE DRIVE GATE, 4-RAIL CLEAR GRADE CEDAR WITH INTERNAL ALUMINUM FRAMEWORK AND KEYPAD ENTRY (VEHICLE PROTECTION LOOPS INCLUDED)

Wildlife Fences

Keep Wildlife Out or In

Provide a barrier for unwanted wildlife in your lawn or garden or a safe space to contain animals on your property. These fences are designed to blend in with your property and surrounding landscapes, providing the security of wildlife control without any visual obstruction. These fences can be installed with pressure-treated wood or steel posts, depending on your needs.

AVAILABLE MATERIALS

Hexagonal Steel Mesh

Strong yet adaptable, hexagonal steel mesh is a common choice for animal enclosures and garden barriers. Sometimes referred to as "chicken wire."

Fixed Knot Steel

This long-lasting, heavy duty product is an effective solution to your wildlife containment or exclusion needs. Mesh is available in black vinyl coated or silver galvanized steel.

7.5' HEXAGONAL STEEL MESH AND STEEL FRAMEWORK WILDLIFE FENCE

8' FIXED KNOT GRADUATED STEEL GAME MESH WILDLIFE FENCE

Sound Abatement Fences

Quiet Your World

Whether you're a homeowner desiring a barrier from surrounding noises, or you're a business owner looking to contain the noise from your commercial property, a sound abatement fence could be a fitting choice. These fences are specifically designed to block direct sound while providing tasteful designs that complement your property.

DESIGNED TO REDUCE NOISE

Our wood sound abatement fence is a proprietary model which combines a double-sided picket design with an added layer of 2lbs mass-loaded vinyl installed between to create a dense, sound-absorbing barrier. Our vinyl Boulder style sound abatement fence is a built with durable, rotationally molded vinyl polyethylene. This engineered design blocks up to 98% of direct sound and provides the highest sound abatement solution, second only to concrete.

AVAILABLE MATERIALS

We offer purposefully designed sound abatement fences in wood and vinyl materials only. However, any of our solid privacy fences offer some level of sound absorption and deflection.

6' VINYL SOUND ABATEMENT & PRIVACY, GRAY GRANITE BOULDER STYLE

8' RED CEDAR SOUND ABATEMENT & PRIVACY, BUCKINGHAM STYLE WITH DIAGONAL LATTICE

INTEGROUS DECKS

DESIGN PROCESS

Integrous creates custom decks and porches that meet our customers' needs. We make your dream of a safe, beautiful outdoor living space a reality by bringing knowledge, craftsmanship, and integrity to deck construction.

SEE IT BEFORE YOU BUILD IT

If you can imagine it, we can design it. Our team has the skill and resources to create detailed drawings and 3D renderings of your new deck before construction begins. This way, you can see all the details—and make your vision a reality.

INSTALLATION MADE EASY

1 *Step One* CONSULT WITH THE EXPERTS

No matter if you have a specific vision or you'd like some expert guidance, our experienced deck team can help you explore the best options for your needs and space. Start by giving us a call, and then we can schedule an on-site consultation.

2 *Step Two* CHOOSE YOUR DECK DESIGN

After learning more about your outdoor living space, we can create design plans and a detailed scope for your project. Our deck team will work with you until the design is just right and you're ready to officially sign the contract.

3 *Step Three* LET INTEGROUS HANDLE THE HARD PART

Most decks require permits, and Integrous will handle the application process for you at no added cost. We'll also map out all public utility lines on your property, and it's your responsibility to notify us of any private utility lines.

4 *Step Four* YOUR DREAM DECK BECOMES REALITY

From site prep to clean up, we'll do all the heavy lifting and make your deck installation as seamless as possible. Our tried-and-true processes ensure our crews are equipped to complete your project with excellence and timeliness.

CHOOSE YOUR MATERIAL

We'll help you select the right material for your new deck, from natural wood to low-maintenance composite or PVC.

WOOD DECKING

Warm, traditional, and easy to work with, wood decks offer natural beauty and may come at a lower installation cost per square foot.

FEATURES

- Appears warm and natural
- Perfect for traditional look or historic home
- Does not get as hot in the sun as other materials
- Ranging from affordable pressure-treated to luxury exotic hardwoods
- Requires maintenance with paint or stain

COMPOSITE OR PVC DECKING

Offering minimal maintenance and a 25–50-year manufacturer warranty, these durable materials stand the test of the time.

FEATURES

- Beautiful outdoor living without the maintenance of a traditional wood deck
- Ability to mix and match different colors, trim, railings, and shapes
- A more long-lasting investment than other materials
- Typically made with recycled materials, man-made options may provide an environmentally-friendly choice

CUSTOM DECK DESIGN

Create a deck that meets your needs and gives you a place to relax and entertain. Choose from a range of materials, colors, and additional features, including lights and railings. We'll help you think through the right options and together design your unique, custom outdoor space.

CONCEPT *to* REALITY

If it would be helpful during the design process, our team has the ability to create floor plans or 3D renderings to bring your ideas to life.

Function & Style

Make Outdoor Living a Lifestyle

We build decks tailored to your needs and living space, working closely with you to find the style and design that fits your home and your lifestyle.

DECKS

PVC SLATE GRAY DECKING WITH WESTBURY ALUMINUM RAILING

ATTACHED DECK

Designed to extend your living area, attached decks can be customized with a variety of materials, sizes, and designs. They can also include outdoor fireplaces, kitchens, and a roof to protect against sun and rain.

DETACHED OR ISLAND DECKS

Add depth and a private retreat to any backyard with a deck located in an area away from your home.

SWIMMING POOL DECKS

Increase the usability of an above ground or inground pool with a quick-drying deck that extends your outdoor oasis.

ROOFTOP DECKS

Used in both urban commercial and residential environments, rooftop decks can be built with nearly any flat roof, creating a space for tenants or customers that increases your property's attractiveness and value.

PVC AMERICAN WALNUT DECKING WITH WHITE VINYL AND BLACK ALUMINUM RAILING

COMPOSITE TIGERWOOD DECKING WITH HORIZONTAL CABLE RAILING

PVC COASTLINE DECKING WITH RED CEDAR PERGOLA

COMPOSITE TIGERWOOD DECKING WITH WESTBURY ALUMINUM RAILING

Covered Decks & Porches

Create Your Outdoor Retreat

Bridge the gap between your indoor and outdoor living spaces with a fully or partially covered deck. Combining a covered area with an open deck is a great way to utilize the open air and warm sunlight while still being protected from the elements. Or, you can create a fully enclosed area that allows you to maximize your time outdoors while being shielded from the rain or snow.

AVAILABLE ADD-ONS

- Fireplaces or heaters prolong your outdoor living season
- An outdoor kitchen makes it easy to entertain family and friends
- Ceiling fans, lighting, and an outdoor TV extend your living area

COMPOSITE TIGERWOOD DECKING WITH
HORIZONTAL CABLE RAILING

Louvered Roofs

Modernize With Flexible Features

Modern, sleek, and versatile, louvered roofs blend the benefits of a roof and pergola by giving you complete control over the amount of sunlight or shade on your deck or patio area. With a handheld remote, you can adjust motorized slats that open, close, and pivot.

Not only do louvered roofs provide protection from the elements, they also add a touch of elegance to your home. Their built-in tech (and optional add-ons) let you adjust your louvers, fans, lights, or heaters with the touch of a button. Or, put your pergola on autopilot and let its climate sensors do the adjusting for you.

AT A GLANCE

- Choose from a full range of sizes and finishes
- Louvered roofs adjust from wide open to fully closed—and everywhere in between
- Smart pergolas are available with optional lighting, fan, heating element, screen, and climate sensor upgrades

PVC AMERICAN WALNUT DECKING WITH
WHITE VINYL AND BLACK ALUMINUM RAILING

Railings

Combine Function and Feature

Railing needs and styles vary widely, and Integrous is positioned to meet the complex demands of both residential and commercial projects. From standard options in aluminum, vinyl, or wood to custom-designed, handcrafted, welded steel railings, we offer a range of possibilities to fit your specific style and situation.

CHOOSING A RAILING

Whether you're installing a railing with your new deck or updating a railing to meet code requirements, we have the right solution to meet your needs.

- Replace or update porch railing
- Meet code requirements for an elevated patio or retaining wall
- Provide safety for stairs or a walkway
- Add elegance to a new or existing deck
